

LOW PROFILE UHF ANTENNA

IERUS TECHNOLOGIES INC.

Extremely Low Profile UHF Voice & Data Communications Antenna for Conformal or Paint-Embedded Applications.

FEATURES

- Application-Tunable Center Frequency
- Extremely Low-Profile
- Embeddable in Entrotech AEROPaint
- Track-Tested and Racing 2015-17 Seasons

APPLICATIONS

- LMPx, GT, SC, Indy, NASCAR, & Formula 1 Voice Communications
- Reduced Visual Signature Applications
- Military and Intel Agencies

Part Number	ANTA-I-2001-00
Frequency	Tunable UHF
Bandwidth	7 MHz Typical
VSWR	<3 : 1
Polarization	Linear
Dimensions	100 x 100 x 1.5 mm
RF Interface	SMA Female 50 Ω
Installation	Entrotech AEROPaint
Environment	0 to 50°C
